 ICHABOD P. BERRY, Treasurer, } New Durham.

We hereby certify that we have examined the foregoing accounts and find them correctly cast and well vouched.

Selectmen's Report.

GENTLEMEN—We will not attempt to give you an elaborate report, but will let the printed account show for itself. We became convinced last Spring that we could obtain all the money that the town required, in our town, and at a less rate of interest. We accordingly paid all of our out of town notes, and are paying only three per cent. interest on any note against the town. We have not allowed much money in the treasury through the year, and the money now in the Treasurer's hands has been paid in very recently. We have sold some of the real estate which the town held, which had been sold for taxes, and the town does not hold as large an amount as it did a year ago. Some have paid their taxes and costs and redeemed their land.

Gentlemen, we may at times have erred in judgment, but it has been our endeavor to do what we thought for the best interest of the town, without partiality or favor, and we have succeeded in reducing our town debt to less than nine thousand dollars, and we would recommend, now that times are very good and every one can get something to do, and as some of our forests are disappearing, that we raise tax to clear us from debt.

When *New Durham* has paid all her debts people will more readily seek to improve upon her many water privileges, and will not fear that they will be loaded down with taxes.

Gentlemen, we would ask you to look *squarely* at our present debt, with our valuation decreasing in consequence, and govern yourselves accordingly.

Respectfully submitted,

JAMES A. MILLER,	} Selectmen.
